## Confidential Preliminary Term Sheet

February 12, 2015
Wells Fargo Bank, N.A.
Global Agent

# Bankof America Merrill Lynch 

## J.P.Morgan

THE SECURITIES ARE BEING ISSUED BY FANNIE MAE AND ARE OBLIGATIONS OF FANNIE MAE ONLY. THE SECURITIES ARE NOT GUARANTEED BY, AND ARE NOT DEBTS OR OBLIGATIONS OF, THE UNITED STATES OR ANY AGENCY OR INSTRUMENTALITY OF THE UNITED STATES OTHER THAN FANNIE MAE. THE SECURITIES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR THE LAWS OF ANY OTHER STATE OR JURISDICTION.

This document has been prepared by Merrill Lynch, Pierce, Fenner \& Smith Incorporated ("BofA Merrill") for information purposes only. This document is an indicative summary of the terms and conditions of the securities described herein and may be amended, superseded or replaced by subsequent summaries, and will be superseded by the applicable offering document(s), which will set out the final terms and conditions of the securities.

This document shall not constitute an underwriting commitment, an offer of financing, an offer to sell, or the solicitation of an offer to buy any securities described herein, which shall be subject to the internal approvals of BofA Merrill, J.P. Morgan Securities LLC ("JP Morgan"), Barclays Capital Inc. ("Barclays"), Morgan Stanley \& Co. LLC ("Morgan Stanley"), Nomura Securities International, Inc. ("Nomura"), and Citigroup Global Markets Inc. ("Citigroup" and, together with BofA Merrill, JP Morgan, Barclays, Morgan Stanley and Nomura, the "Dealers"). No transaction or services related thereto is contemplated without the Dealers' subsequent formal agreement. The Dealers are not acting as fiduciaries, advisors or agents. Prior to entering into any transaction, you should determine, without reliance upon the Dealers or their affiliates, the economic risks and merits, as well as the legal, tax and accounting characterizations and consequences of the transaction, and independently determine that you are able to assume these risks. The Dealers accept no liability whatsoever for any consequential losses arising from the use of this document or reliance on the information contained herein.

Neither the Dealers nor Fannie Mae guarantees the accuracy or completeness of information which is contained in this document and which is stated to have been obtained from or is based upon trade and statistical services or other third party sources. Any data on past performance, modeling or back-testing contained herein is no indication of future performance. No representation is made as to the reasonableness of the assumptions made within or the accuracy or completeness of any modeling or back-testing or any other information contained herein. All opinions and estimates are given as of the date hereof and are subject to change and neither the Dealers nor Fannie Mae assumes any obligation to update this document to reflect any such changes. The value of any investment may fluctuate as a result of market changes. The information herein is not intended to predict actual results and no assurances are given with respect thereto. Nothing herein shall be deemed to constitute investment, legal, tax, financial, accounting or other advice.

The Dealers, their affiliates and the individuals associated therewith may (in various capacities) have positions or deal in transactions or securities (or related derivatives) identical or similar to those described herein.

Notwithstanding anything herein to the contrary, each recipient hereof (and their employees, representatives, and other agents) may disclose to any and all persons, without limitation of any

## This is a Confidential Preliminary Term Sheet. All Terms and statements are subject to change.

kind from the commencement of discussions, the U.S. federal and state income tax treatment and tax structure of the proposed transaction described herein and all materials of any kind (including opinions or other tax analyses) that are provided relating to such tax treatment and tax structure. For this purpose, "tax structure" is limited to facts relevant to the U.S. federal and state income tax treatment of the proposed transaction described herein and does not include information relating to the identity of the parties, their affiliates, agents or advisors.

THIS DOCUMENT DOES NOT DISCLOSE ALL THE RISKS AND OTHER SIGNIFICANT ISSUES RELATED TO AN INVESTMENT IN THE SECURITIES. PRIOR TO INVESTING IN THE SECURITIES, POTENTIAL INVESTORS SHOULD READ THE FINAL PROSPECTUS ISSUED BY FANNIE MAE RELATING TO THE SECURITIES AND ENSURE THAT THEY FULLY UNDERSTAND THE TERMS OF THE SECURITIES AND ANY APPLICABLE RISKS.

This document is confidential, and no part of it may be reproduced, distributed or transmitted without the prior written permission of the Dealers.

Information is preliminary and subject to final collateral and legal review. The analyses, calculations and valuations herein are based on certain assumptions and data provided by third parties that may vary from the actual characteristics of the final collateral. Investors should rely on the information contained in the final prospectus.
(1) The principal amounts and notional amounts presented in this term sheet are approximate and subject to a $+/-5 \%$ variance. Weighted average lives and principal windows with respect to the Offered Notes assume prepayments occur at the pricing speed of $10 \%$ CPR, calculated from the Closing Date, assuming the Offered Notes pay on the 25th day of each month beginning in March 2015 and the Offered Notes are redeemed on the Final Maturity Date.
(2) Each Class of Offered Notes will be sold at a price of par.
(3) The Maturity Date of the Offered Notes is in February 2025. However, the Issuer may redeem the Class 1M-1 Notes and the Class 1M-2 Notes (the "Group 1 Classes") prior to the Maturity Date on any Payment Date when the aggregate unpaid balance of the Reference Obligations in Loan Group 1 is $10 \%$ or less of the Cut-off Date Balance of the Reference Obligations in Loan Group 1. Similarly, the Issuer may redeem the Class 2M-1 Notes and the Class $2 \mathrm{M}-2$ Notes (the "Group 2 Classes") prior to the Maturity Date on any Payment Date when the aggregate unpaid balance of the Reference Obligations in Loan Group 2 is $10 \%$ or less of the Cut-off Date Balance of the Reference Obligations in Loan Group 2.
(4) The Class 1A-H Reference Tranche, Class 1M-1H Reference Tranche, Class 1M-2H Reference Tranche, Class 1B-H Reference Tranche, Class 2A-H Reference Tranche, Class 2M-1H Reference Tranche, Class 2M-2H Reference Tranche and Class 2B-H Reference Tranche will not have corresponding Notes and will be referenced only in connection with
making calculations of principal payments required to be made by Fannie Mae and reductions and increases in the principal amounts of the Notes.
(5) The Class $1 \mathrm{M}-1$ Notes, Class $1 \mathrm{M}-2$ Notes, Class $2 \mathrm{M}-1$ Notes and Class $2 \mathrm{M}-2$ Notes will have corresponding Reference Tranches for the purpose of making calculations of principal payments required to be made by Fannie Mae and reductions and increases in the principal amounts of the Notes.

## Transaction Overview

The Connecticut Avenue Securities, Series 2015-C01 (the "Notes") will be unsecured general obligations of Fannie Mae, or the "Issuer", and will be subject to the credit and principal payment risk of the related portion of a certain pool (the "Reference Pool") of residential mortgage loans (the "Reference Obligations") held in various Fannie Mae-guaranteed MBS. The actual cash flows from the Reference Obligations will never be paid to the holders of the Notes. Fannie Mae will make monthly payments of accrued interest and periodic payments of principal to the holders of the Notes. The Notes will be issued at par, will be uncapped LIBOR based floaters and will have 10-year legal final maturities.
The Reference Obligations will be divided into two "Loan Groups". The Class 1M-1 Notes and the Class 1M-2 Notes (collectively, the "Group 1 Classes" or "Group 1 Notes") relate to the Reference Obligations in "Loan Group 1". The Class 2M-1 Notes and the Class 2M-2 Notes (collectively, the "Group 2 Classes" or "Group 2 Notes") relate to the Reference Obligations in "Loan Group 2". The transaction is structured to provide credit protection to Fannie Mae with respect to Reference Obligations that become 180 days or more delinquent or as to which certain other credit events occur. This credit protection is achieved by allowing Fannie Mae to reduce the outstanding class principal balances of the Notes related to the designated credit events on the Reference Obligations in the related Loan Group. The class principal balances of the Group 1 Classes will be reduced by pre-defined, tiered severity percentages as the Reference Obligations in Loan Group 1 experience designated credit events. Similarly, the class principal balances of the Group 2 Classes will be reduced by pre-defined, tiered severity percentages as the Reference Obligations in Loan Group 2 experience designated credit events. All cash flow calculations performed with respect to Loan Group 1 will affect the Group 1 Classes only, and all cash flow calculations performed with respect to Loan Group 2 will affect the Group 2 Classes only.

Although the Notes will be unsecured general obligations of Fannie Mae, and Fannie Mae alone will make all of the principal and interest payments on the Notes, the transaction has been structured so that the capital structure and cash flow allocations relative to principal payments of the Notes are reflective of private label senior/subordinate residential mortgage backed securities ("RMBS"). Accordingly, subordinate interests will not receive allocations in respect of unscheduled principal unless a target credit enhancement percentage has been maintained. However, unlike securities in some senior/subordinate private label residential mortgage-backed securitizations, the principal payments required to be paid by Fannie Mae on the Notes will be based in part on the principal that is actually collected on the Reference Obligations in the related Loan Group, rather than on the entire amount of scheduled payments due on those Reference Obligations as further described herein.

Group 1

Note: Tranches labeled "H" are not issued or sold; risk retained by Fannie Mae

Group 2

Note: Tranches labeled "H" are not issued or sold; risk retained by Fannie Mae

## This is a Confidential Preliminary Term Sheet. All Terms and statements are subject to change.

# or obligations of the United States or any agency or instrumentality of the United States other than Fannie Mae. 

Group 1 Notes

Group 2 Notes

Reference Tranches

The Class $1 \mathrm{M}-1$ Notes and the Class 1M-2 Notes, which will receive principal payments and be allocated reductions and increases in Class Principal Balance in accordance with suchallocations to the Class 1M-1 Reference Tranche and Class 1M-2 Reference Tranche, respectively.

The Class 2M-1 Notes and the Class 2M-2 Notes, which will receive principal payments and be allocated reductions and increases in Class Principal Balance in accordance with such allocations to the Class 2M-1 Reference Tranche and Class 2M-2 Reference Tranche, respectively.

## Group 1

The Class 1A-H Reference Tranche, Class 1M-1 Reference Tranche, Class 1M-1H Reference Tranche, Class 1M-2 Reference Tranche, Class 1M-2H Reference Tranche and Class 1B-H Reference Tranche (collectively, the "Group 1 Reference Tranches"), which are described solely for the purpose of calculating principal payments required to be made on the Group 1 Classes by Fannie Mae and any reductions or increases of principal on the Group 1 Classes as a result of Credit Events on the Reference Obligations in Loan Group 1. Only the Class 1M-1 Reference Tranche and Class 1M-2 Reference Tranche will have corresponding Classes of Notes on the Closing Date.

## Group 2

The Class 2A-H Reference Tranche, Class 2M-1 Reference Tranche, Class 2M-1H Reference Tranche, Class 2M-2 Reference Tranche, Class 2M-2H Reference Tranche and Class 2B-H Reference Tranche (collectively, the "Group 2 Reference Tranches"), which are described solely for the purpose of calculating principal payments required to be made on the Group 2 Classes by Fannie Mae and any reductions or increases of principal on the Group 2 Classes as a result of Credit Events on the Reference Obligations in Loan Group 2. Only the Class 2M-1 Reference Tranche and Class 2M-2 Reference Tranche will have corresponding Classes of Notes on the Closing Date.

## Senior Reference Tranches Group 1

The Class 1A-H Reference Tranche (the "Group 1 Senior Reference Tranche").

## Group 2

The Class 2A-H Reference Tranche (the "Group 2 Senior Reference Tranche").

## Mezzanine Reference Tranches

## Subordinate Reference Tranches

Group 1
The Class 1M-1 Reference Tranche, Class 1M-1H Reference Tranche, Class 1M-2 Reference Tranche and Class 1M-2H Reference Tranche (collectively, the "Group 1 Mezzanine Reference Tranches").

## Group 2

The Class 2M-1 Reference Tranche, Class 2M-1H Reference Tranche, Class 2M-2 Reference Tranche and Class 2M-2H Reference Tranche (collectively, the "Group 2 Mezzanine Reference Tranches").

## Group 1

The Group 1 Mezzanine Reference Tranches and the Class 1B-H Reference Tranche (collectively, the "Group 1
Subordinate Reference Tranches").

## Group 2

The Group 2 Mezzanine Reference Tranches and the Class 2B-H Reference Tranche (collectively, the "Group 2 Subordinate Reference Tranches").

Group 1
As of any Payment Date and with respect to each Group 1 Reference Tranche, a notional amount equal to the initial Class Notional Amount of such Group 1 Reference Tranche, minus the aggregate amount of Group 1 Senior Reduction Amounts or Group 1 Subordinate Reduction Amounts allocated to such Group 1 Reference Tranche on such Payment Date and all prior Payment Dates, minus the aggregate amount of Calculated
Tranche Write-down Amounts allocated to reduce the Class

Notional Amount of such Group 1 Reference Tranche on such Payment Date and on all prior Payment Dates, and plus the aggregate amount of Calculated Tranche Write-up Amounts allocated to increase the Class Notional Amount of such Group 1 Reference Tranche on such Payment Date and on all prior Payment Dates. For the avoidance of doubt, no Calculated Tranche Write-up Amount or Calculated Tranche Write-down Amount will be applied twice on the same Payment Date.

## Group 2

As of any Payment Date and with respect to each Group 2 Reference Tranche, a notional amount equal to the initial Class Notional Amount of such Group 2 Reference Tranche, minus the aggregate amount of Group 2 Senior Reduction Amounts or Group 2 Subordinate Reduction Amounts allocated to such Group 2 Reference Tranche on such Payment Date and all prior Payment Dates, minus the aggregate amount of Calculated Tranche Write-down Amounts allocated to reduce the Class Notional Amount of such Group 2 Reference Tranche on such Payment Date and on all prior Payment Dates, and plus the aggregate amount of Calculated Tranche Write-up Amounts allocated to increase the Class Notional Amount of such Group 2 Reference Tranche on such Payment Date and on all prior Payment Dates. For the avoidance of doubt, no Calculated Tranche Write-up Amount or Calculated Tranche Write-down Amount will be applied twice on the same Payment Date.

## Settlement

Form of Offering

## Ratings/Rating Agencies

## Maturity Date

The Notes will settle with no accrued interest.
Exempt from registration with the SEC under the Securities Act. The Offered Notes are being offered only to "Qualified Institutional Buyers" (as defined in Rule 144A under the Securities Act).

The Issuer has engaged Fitch Ratings Inc. and DBRS, Inc. to rate the Class $1 \mathrm{M}-1$ Notes and the Class $2 \mathrm{M}-1$ Notes on the Closing Date. No rating agency has been engaged to rate the Class 1M-2 Notes or the Class 2M-2 Notes on the Closing Date.

On the Payment Date in February 2025, the Issuer will be obligated to retire the Notes by paying an amount equal to their full remaining Class Principal Balance, plus accrued and unpaid interest. However, the actual final Payment Date for the Group 1 Notes or the Group 2 Notes could be earlier, including (a) the Payment Date on which an Early Redemption Option is exercised with respect to such Notes or (b) the Payment Date on
which the aggregate Class Principal Balance of all outstanding Group 1 Notes or Group 2 Notes, as applicable, is reduced to zero.

## Early Redemption Option <br> Group 1

The Issuer may redeem the Group 1 Notes prior to the Maturity Date on any Payment Date on or after the Payment Date on which the aggregate unpaid balance of the Reference Obligations in Loan Group 1 is less than or equal to $10 \%$ of the Loan Group 1 Cut-off Date Balance, by paying an amount equal to the outstanding Class Principal Balance of the Class $1 \mathrm{M}-1$ Notes and the Class 1M-2 Notes, plus accrued and unpaid interest and related unpaid fees and expenses of the Global Agent.

## Group 2

The Issuer may redeem the Group 2 Notes prior to the Maturity Date on any Payment Date on or after the Payment Date on which the aggregate unpaid balance of the Reference Obligations in Loan Group 2 is less than or equal to $10 \%$ of the Loan Group 2 Cut-off Date Balance, by paying an amount equal to the outstanding Class Principal Balance of the Class 2M-1 Notes and the Class 2M-2 Notes, plus accrued and unpaid interest and related unpaid fees and expenses of the Global Agent.

## Group 1 Early Redemption Date

## Group 2 Early Redemption Date

Group 1 Termination Date

Payment Date on which the Group 1 Notes are redeemed by the Issuer pursuant to the Early Redemption Option for the Group 1 Notes.

Payment Date on which the Group 2 Notes are redeemed by the Issuer pursuant to the Early Redemption Option for the Group 2 Notes.

The Group 1 Notes will no longer be outstanding upon the date which is the earliest of:
(1) the Maturity Date;
(2) the Group 1 Early Redemption Date; and
(3) the Payment Date on which the aggregate initial Class Principal Balance (without giving effect to any allocations of Calculated Tranche Write-down Amounts or Calculated Tranche Write-up Amounts related to the Group 1 Classes on such Payment Date and all prior Payment Dates) and accrued and unpaid interest due on
the Class $1 \mathrm{M}-1$ and Class $1 \mathrm{M}-2$ Notes have been paid in full.

Group 2 Termination Date

Transaction Termination Date

The Group 2 Notes will no longer be outstanding upon the date which is the earliest of:
(1) the Maturity Date;
(2) the Group 2 Early Redemption Date; and
(3) the Payment Date on which the aggregate initial Class Principal Balance (without giving effect to any allocations of Calculated Tranche Write-down Amounts or Calculated Tranche Write-up Amounts related to the Group 2 Classes on such Payment Date and all prior Payment Dates) and accrued and unpaid interest due on the Class $2 \mathrm{M}-1$ and Class $2 \mathrm{M}-2$ Notes have been paid in full.

The transaction will terminate on the date which is the later of the Group 1 Termination Date and the Group 2 Termination Date.

Group 1

| Notes | Tranche <br> Size | Initial Credit <br> Enhancement |
| :--- | :---: | :---: |
| Class 1A-H | $96.50 \%$ | $3.50 \%$ |
| Class 1M-1 and <br> Class 1M-1H | $1.35 \%$ | $2.15 \%$ |
| Class 1M-2 and <br> Class 1M-2H | $1.75 \%$ | $0.40 \%$ |
| Class 1B-H | $0.40 \%$ | $0.00 \%$ |

The Group 1 Subordinate Reference Tranches are subordinate to, and provide credit enhancement for, the Group 1 Senior Reference Tranche and for each Class of more senior Group 1 Subordinate Reference Tranches.

Group 2

| Notes | Tranche <br> Size | Initial Credit <br> Enhancement |
| :--- | :---: | :---: |
| Class 2A-H | $96.25 \%$ | $3.75 \%$ |
| Class 2M-1 and <br> Class 2M-1H | $0.95 \%$ | $2.80 \%$ |
| Class 2M-2 and <br> Class 2M-2H | $2.10 \%$ | $0.70 \%$ |
| Class 2B-H | $0.70 \%$ | $0.00 \%$ |

The Group 2 Subordinate Reference Tranches are subordinate to, and provide credit enhancement for, the Group 2 Senior Reference Tranche and for each Class of more senior Group 2 Subordinate Reference Tranches.

## Fannie Mae Retention of Minimum 5\% of Underlying Credit Risk

Notes Acquired by Fannie Mae

## STRUCTURAL FEATURES

## Credit Loss Framework

Fannie Mae will retain at least 5\% of the underlying credit risk corresponding to a vertical slice of each of the Group 1 Reference Tranches and Group 2 Reference Tranches.

Fannie Mae may from time to time acquire some of the Notes at any price in the open market or otherwise.

## Credit Event Reference Obligation

With respect to each Payment Date, any Reference Obligation in the Reference Pool for which a Credit Event has occurred and is reported during the related Reporting Period. Credit Event means any of the following events for a Reference Obligation:
(i) 180 or more days delinquent (regardless of any grant of forbearance),
(ii) a short sale is settled,
(iii) the related Mortgage Note is sold to a third party during the foreclosure process,
(iv) a deed in lieu of foreclosure is executed, or
(v) an REO acquisition occurs.

Reporting Period

Credit Event UPB

## Credit Event Amount

Cumulative Net Credit Event Percentage

Determination of delinquency will be made using the "MBA delinquency method." Under the MBA delinquency method, a loan due on the first of the month is considered 30 days delinquent when all or part of one or more payments remains unpaid as of close of business on the last day of the month.

For the avoidance of doubt, with respect to any Credit Event Reference Obligation, there can only be one occurrence of a Credit Event.

The second calendar month preceding the month of each Payment Date. The delinquency status of each Reference Obligation will be determined as of the close of business on the last day of the related Reporting Period.

With respect to each Credit Event Reference Obligation, the unpaid principal balance of such Reference Obligation as of the end of the Reporting Period related to the Payment Date that it became a Credit Event Reference Obligation.

With respect to each Payment Date and Loan Group, the aggregate amount of the Credit Event UPB of all Credit Event Reference Obligations for the related Reporting Period with respect to that Loan Group.

With respect to each Payment Date and Loan Group, a percentage equal to (i) the Credit Event Amount with respect to that Loan Group for such Payment Date and all prior Payment Dates less the aggregate Reversed Credit Event Amount with respect to that Loan Group for such Payment Date and all prior Payment Dates; divided by (ii) the aggregate unpaid principal balance of the Reference Obligations included in that Loan Group as of the Cut-off Date.

Group 1
With respect to each Payment Date and Loan Group 1, the fixed severity percentages indicated in the table below with respect to the related Cumulative Net Credit Event Percentage for such Payment Date and as further described in the prospectus. For any Payment Date where the Net Credit Event Amount or the Net Reversed Credit Event Amount with respect to Loan Group 1 for such Payment Date is sufficient to increase or decrease the related Cumulative Net Credit Event Percentage to a higher or lower tier, the Loan Group 1

Applicable Severity for that Payment Date will be the blended severity rate as further described in the prospectus.

## Cumulative Net Credit Event Percentages with respect to Loan Group 1

Less than or equal to $1.00 \%$
Greater than $1.00 \%$ and less than or equal to $2.00 \%$
Greater than 2.00\%
Group 2
With respect to each Payment Date and Loan Group 2, the fixed severity percentages indicated in the table below with respect to the related Cumulative Net Credit Event Percentage for such Payment Date and as further described in the prospectus. For any Payment Date where the Net Credit Event Amount or the Net Reversed Credit Event Amount with respect to Loan Group 2 for such Payment Date is sufficient to increase or decrease the related Cumulative Net Credit Event Percentage to a higher or lower tier, the Loan Group 2 Applicable Severity for that Payment Date will be the blended severity rate as further described in the prospectus.

## Cumulative Net Credit Event Percentages with respect to Loan Group 2

Less than or equal to $1.00 \%$
Greater than $1.00 \%$ and less than or equal to $3.00 \%$

Greater than 3.00\% 25\%

## Principal and

Loss Allocation
Group 1 Senior Percentage

## Group 2 Senior

With respect to each Payment Date and Group 1, the percentage equivalent of a fraction, the numerator of which is the Class Notional Amount of the Group 1 Senior Reference Tranche immediately prior to such Payment Date and the denominator of which is the aggregate unpaid principal balance of the Reference Obligations in Loan Group 1 at the end of the previous Reporting Period.

With respect to each Payment Date and Group 2, the percentage equivalent of a fraction, the numerator of which is the Class

Connecticut Avenue Securities, Series 2015-C01
CONFIDENTIAL PRELIMINARY TERM SHEET

Percentage

Notional Amount of the Group 2 Senior Reference Tranche immediately prior to such Payment Date and the denominator of which is the aggregate unpaid principal balance of the Reference Obligations in Loan Group 2 at the end of the previous Reporting Period.

## Group 1 Subordinate Percentage

## Group 2 Subordinate Percentage

Scheduled Principal

Unscheduled Principal

With respect to each Payment Date and the Group 1 Notes, 100\% minus the Group 1 Senior Percentage for such Payment Date.

With respect to each Payment Date and the Group 2 Notes, 100\% minus the Group 2 Senior Percentage for such Payment Date.

With respect to each Payment Date and Loan Group, the sum of all monthly scheduled payments of principal on the Reference Obligations in that Loan Group that were collected by the related servicer during the related Reporting Period as reported to Fannie Mae. Once a Reference Obligation is removed from the related MBS, all subsequent principal collections will be treated as Unscheduled Principal.

With respect to each Payment Date and Loan Group:
(a) all partial principal prepayments on the related Reference Obligations in the related Loan Group collected during the related Reporting Period, plus
(b) the aggregate unpaid principal balance of all Reference Pool Removals with respect to the related Loan Group (excluding (i) Credit Event Reference Obligations and (ii) the portions of any prepayments in full that consist of scheduled principal collections) for such Payment Date, plus
(c) decreases in the unpaid principal balance of all Reference Obligations in the related Loan Group as the result of loan modification or data corrections, plus
(d) all scheduled principal collections, if any, for any Reference Obligations in the related Loan Group that have been removed from the related MBS, minus
(e) increases in the unpaid principal balances of all Reference Obligations in the related Loan Group as the result of loan modifications, reinstatements due to error, or data corrections.

In the event (e) above exceeds the sum of (a) through (d), the Unscheduled Principal Amount for such Payment Date with respect to the related Loan Group will be zero, and the Class 1A-H Notional Amount or the Class 2A-H Notional Amount, as applicable, will be
increased by the amount of such excess. In the event that Fannie Mae ever employs a policy that permits or requires principal forgiveness as a loss mitigation alternative, any principal that is forgiven with respect to a Reference Obligation will decrease the unpaid principal balance of such Reference Obligation pursuant to clause (c) above.

## Calculated Recovery Principal

With respect to each Payment Date and Loan Group, the sum of:
(a) the related Credit Event Amount for such Payment Date minus the related Calculated Tranche Write-Down Amount for such Payment Date; and
(b) the related Calculated Tranche Write-up Amount for such Payment Date.

## Minimum Credit <br> Enhancement Test

## Senior Reduction Amount

## Group 1

With respect to each Payment Date and Loan Group 1, a test that will be satisfied if the Group 1 Subordinate Percentage is greater than or equal to $3.50 \%$.

Group 2
With respect to each Payment Date and Loan Group 2, a test that will be satisfied if the Group 2 Subordinate Percentage is greater than or equal to $3.75 \%$.

With respect to each Payment Date, if the Minimum Credit Enhancement Test for a Loan Group is not satisfied, the sum of:
(a) the Senior Percentage of the Scheduled Principal for such Payment Date and Loan Group;
(b) $100 \%$ of the Unscheduled Principal for such Payment Date and Loan Group; and
(c) $100 \%$ of the Calculated Recovery Principal for such Payment Date and Loan Group.

With respect to each Payment Date, if the Minimum Credit Enhancement Test for a Loan Group is satisfied, the sum of:
(a) the Senior Percentage of the Scheduled Principal for such Payment Date and Loan Group;
(b) the Senior Percentage of the Unscheduled Principal for such Payment Date and Loan Group; and
(c) $100 \%$ of the Calculated Recovery Principal for such

## Payment Date and Loan Group.

## Subordinate Reduction Amount

## Allocation of Senior <br> Reduction Amount

## Group 1

On each Payment Date prior to the Maturity Date and the Group 1 Early Redemption Date, the Senior Reduction Amount with respect to Loan Group 1 will be allocated to the Group 1 Senior Reference Tranche until its Class Notional Amount is reduced to zero, and then to the Group 1 Subordinate Reference Tranches, in order of seniority per Allocation of Subordinate Reduction Amount for Group 1.

Because the Class $1 \mathrm{M}-1$ and Class $1 \mathrm{M}-2$ Notes correspond to the Class 1M-1 and Class 1M-2 Reference Tranches, respectively, any portion of the Senior Reduction Amount with respect to Loan Group 1 that is allocated to the Class $1 \mathrm{M}-1$ or Class $1 \mathrm{M}-2$ Reference Tranches will result in a corresponding reduction in the Class Principal Balance of the Class $1 \mathrm{M}-1$ or Class $1 \mathrm{M}-2$ Notes, as applicable.

Group 2
On each Payment Date prior to the Maturity Date and the Group 2 Early Redemption Date, the Senior Reduction Amount with respect to Loan Group 2 will be allocated to the Group 2 Senior Reference Tranche until its Class Notional Amount is reduced to zero, and then to the Group 2 Subordinate Reference Tranches, in order of seniority per Allocation of Subordinate Reduction Amount for Group 2.

Because the Class 2M-1 and Class 2M-2 Notes correspond to the Class 2M-1 and Class 2M-2 Reference Tranches, respectively, any portion of the Senior Reduction Amount with respect to Loan Group 2 that is allocated to the Class 2M-1 or Class 2M-2 Reference Tranches will result in a corresponding reduction in the Class Principal Balance of the Class 2M-1 or Class 2M-2 Notes, as applicable.

Allocation of
Subordinate
Reduction Amount

## Group 1

On each Payment Date prior to the Maturity Date and the Group 1 Early Redemption Date, the Subordinate Reduction Amount with
respect to Loan Group 1 will be allocated to the Group 1 Subordinate Reference Tranches:
(i) first, concurrently, on a pro rata basis based on their Class Notional Amounts, to the Class 1M-1 and Class 1M-1H Reference Tranches until their Class Notional Amounts have been reduced to zero;
(ii) second, concurrently, on a pro rata basis based on their Class Notional Amounts, to the Class 1M-2 and Class 1M-2H Reference Tranches until their Class Notional Amounts have been reduced to zero; and
(iii) third, to the Class 1B-H Reference Tranche until its Class Notional Amount has been reduced to zero.

Any Subordinate Reduction Amount with respect to Loan Group 1 remaining after the allocation in the immediately preceding sentence will be allocated to reduce the Class Notional Amount of the Class 1A-H Reference Tranche.

Because the Class $1 \mathrm{M}-1$ and Class $1 \mathrm{M}-2$ Notes correspond to the Class 1M-1 and Class 1M-2 Reference Tranches, respectively, any portion of the Subordinate Reduction Amount with respect to Loan Group 1 that is allocated to the Class $1 \mathrm{M}-1$ or Class $1 \mathrm{M}-2$ Reference Tranches will result in a corresponding reduction in the Class Principal Balance of the Class 1M-1 or Class 1M-2 Notes, as applicable.

## Group 2

On each Payment Date prior to the Maturity Date and the Group 2 Early Redemption Date, the Subordinate Reduction Amount with respect to Loan Group 2 will be allocated to the Group 2 Subordinate Reference Tranches:
(i) first, concurrently, on a pro rata basis based on their Class Notional Amounts, to the Class 2M-1 and Class 2M-1H Reference Tranches until their Class Notional Amounts have been reduced to zero;
(ii) second, concurrently, on a pro rata basis based on their Class Notional Amounts, to the Class 2M-2 and Class 2M-2H Reference Tranches until their Class Notional Amounts have been reduced to zero; and
(iii) third, to the Class 2B-H Reference Tranche until its Class Notional Amount has been reduced to zero.

Any Subordinate Reduction Amount with respect to Loan Group 2 remaining after the allocation in the immediately preceding sentence
will be allocated to reduce the Class Notional Amount of the Class 2A-H Reference Tranche.

Because the Class 2M-1 and Class 2M-2 Notes correspond to the Class 2M-1 and Class 2M-2 Reference Tranches, respectively, any portion of the Subordinate Reduction Amount with respect to Loan Group 2 that is allocated to the Class $2 \mathrm{M}-1$ or Class $2 \mathrm{M}-2$ Reference Tranches will result in a corresponding reduction in the Class Principal Balance of the Class 2M-1 or Class 2M-2 Notes, as applicable.

## Calculated Tranche Write-down Amount

Calculated Tranche Write-up Amount

With respect to each Payment Date and Loan Group, the product of:
(a) the Net Credit Event Amount for such Payment Date and Loan Group; and
(b) the respective Applicable Severity for such Payment Date and Loan Group.

With respect to each Payment Date and Loan Group:
(a) the product of:
(i) the Net Reversed Credit Event Amount for such Payment Date and Loan Group; and
(ii) the Applicable Severity for such Payment Date and Loan Group; plus
(b) the Rep and Warranty Settlement Coverage Amount for such Payment Date and Loan Group; minus
(c) the aggregate amount of the Rep and Warranty Settlement Amounts determined during prior Reporting Periods with respect to all Reference Obligations in the related Loan Group that became Reversed Credit Event Reference Obligations during the current Reporting Period.

For avoidance of any doubt, the Calculated Tranche Write-up Amount for a Loan Group will never be less than zero.

## Allocation of Calculated

 Tranche Write-down AmountsOn each Payment Date on or prior to the Group 1 Termination Date, after allocation of the Senior Reduction Amount and Subordinate Reduction Amount with respect to Loan Group 1, the Calculated Tranche Write-down Amount for the Group 1 Classes, if any, for such Payment Date will be allocated to reduce the Class Notional

Amount of each Group 1 Reference Tranche in the following order of priority, in each case until its Class Notional Amount is reduced to zero:
(i) first, to the Class 1B-H Reference Tranche,
(ii) second, to the Class $1 \mathrm{M}-2$ and Class $1 \mathrm{M}-2 \mathrm{H}$ Reference Tranches, pro rata, based on their Class Notional Amounts,
(iii) third, to the Class $1 \mathrm{M}-1$ and Class $1 \mathrm{M}-1 \mathrm{H}$ Reference Tranches, pro rata, based on their Class Notional Amounts, and
(iv) fourth, to the Class 1A-H Reference Tranche.

Because the Class $1 \mathrm{M}-1$ and Class $1 \mathrm{M}-2$ Notes correspond to the Class 1M-1 and Class 1M-2 Reference Tranches, respectively, any Calculated Tranche Write-down Amounts allocated to the Class 1M-1 or Class 1M-2 Reference Tranches will result in a corresponding reduction in the Class Principal Balance of the Class 1M-1 or Class $1 \mathrm{M}-2$ Notes, as applicable.

Group 2
On each Payment Date on or prior to the Group 2 Termination Date, after allocation of the Senior Reduction Amount and Subordinate Reduction Amount with respect to Loan Group 2, the Calculated Tranche Write-down Amount for the Group 2 Classes, if any, for such Payment Date will be allocated to reduce the Class Notional Amount of each Group 2 Reference Tranche in the following order of priority, in each case until its Class Notional Amount is reduced to zero:
(i) first, to the Class 2B-H Reference Tranche,
(ii) second, to the Class 2M-2 and Class 2M-2H Reference Tranches, pro rata, based on their Class Notional Amounts,
(iii) third, to the Class 2M-1 and Class 2M-1H Reference

Tranches, pro rata, based on their Class Notional Amounts, and
(iv) fourth, to the Class 2A-H Reference Tranche.

Because the Class 2M-1 and Class 2M-2 Notes correspond to the Class 2M-1 and Class 2M-2 Reference Tranches, respectively, any Calculated Tranche Write-down Amounts allocated to the Class 2M-1 or Class 2M-2 Reference Tranches will result in a corresponding reduction in the Class Principal Balance of the Class 2M-1 or Class 2M-2 Notes, as applicable.

## Allocation of Calculated Tranche Write-up Amounts <br> Group 1

On each Payment Date on or prior to the Group 1 Termination Date, after allocation of the related Senior Reduction Amount and Subordinate Reduction Amount and Calculated Tranche Write-down Amounts, the related Calculated Tranche Write-up Amount, if any, for such Payment Date will be allocated to increase the Class Notional Amount of each Group 1 Reference Tranche in the following order of priority until the cumulative Calculated Tranche Write-up Amount so allocated is equal to the cumulative Calculated Tranche Write-down Amount previously allocated to such Group 1 Reference Tranche on or prior to such Payment Date:
(i) first, to the Class 1A-H Reference Tranche, (ii) second, to the Class $1 \mathrm{M}-1$ and Class $1 \mathrm{M}-1 \mathrm{H}$ Reference Tranches, pro rata, based on their Class Notional Amounts, (iii) third, to the Class $1 \mathrm{M}-2$ and Class $1 \mathrm{M}-2 \mathrm{H}$ Reference Tranches, pro rata, based on their Class Notional Amounts, and
(iv) fourth, to the Class 1B-H Reference Tranche.

Because the Class $1 \mathrm{M}-1$ and Class $1 \mathrm{M}-2$ Notes correspond to the Class 1M-1 and Class 1M-2 Reference Tranches, respectively, any Calculated Tranche Write-up Amounts allocated to the Class 1M-1 or Class 1M-2 Reference Tranches will result in a corresponding increase in the Class Principal Balance of the Class 1M-1 or Class 1M-2 Notes, as applicable.

## Group 2

On each Payment Date on or prior to the Group 2 Termination Date, after allocation of the related Senior Reduction Amount and Subordinate Reduction Amount and Calculated Tranche Write-down Amounts, the related Calculated Tranche Write-up Amount, if any, for such Payment Date will be allocated to increase the Class Notional Amount of each Group 2 Reference Tranche in the following order of priority until the cumulative Calculated Tranche Write-up Amount so allocated is equal to the cumulative Calculated Tranche Write-down Amount previously allocated to such Group 2 Reference Tranche on or prior to such Payment Date:
(i) first, to the Class 2A-H Reference Tranche,
(ii) second, to the Class 2M-1 and Class 2M-1H Reference

Tranches, pro rata, based on their Class Notional Amounts, third, to the Class 2M-2 and Class 2M-2H Reference Tranches, pro rata, based on their Class Notional Amounts, and
(iv) fourth, to the Class 2B-H Reference Tranche.

Because the Class $2 \mathrm{M}-1$ and Class $2 \mathrm{M}-2$ Notes correspond to the Class 2M-1 and Class 2M-2 Reference Tranches, respectively, any Calculated Tranche Write-up Amounts allocated to the Class 2M-1 or Class 2M-2 Reference Tranches will result in a corresponding increase in the Class Principal Balance of the Class $2 \mathrm{M}-1$ or Class 2M-2 Notes, as applicable.

## Credit Event Reversals \& Reference Pool Removals

## Reversed Credit Event Reference Obligation

## Reversed Credit Event Amount

With respect to any Payment Date and Loan Group, a Reference Obligation in the related Loan Group that was formerly in the Reference Pool and that became a Credit Event Reference Obligation in a prior Reporting Period and (i) that is repurchased by the lender or with respect to which the lender agrees to a full indemnification of Fannie Mae or provides a make-whole payment, (ii) with respect to which the related lender declares bankruptcy or is put into receivership after Fannie Mae has requested that it repurchase such Reference Obligation, (iii) with respect to which a violation of certain specified Eligibility Criteria is discovered as a result of a data correction or (iv) that was in a forbearance period due to a casualty event (such as natural disaster, fire or theft) at the time it became a Credit Event Reference Obligation and whose payment status was reported as current at the conclusion of its forbearance period (or up to three months thereafter if necessary to allow for the expiration of any trial modification period).

With respect to any Payment Date and Loan Group, the aggregate amount of the Credit Event UPB of all Reversed Credit Event Reference Obligations in the related Loan Group for the related Reporting Period.

With respect to each Payment Date and Loan Group, the excess, if any, of the Credit Event Amount over any Reversed Credit Event Amount for such Payment Date and Loan Group.

# Net Reversed Credit Event Amount 

Reference Pool Removals

With respect to each Payment Date and Loan Group, the excess, if any, of the Reversed Credit Event Amount over the Credit Event Amount for such Payment Date and Loan Group.

A Reference Obligation will be removed (a "Reference Pool Removal") from the Reference Pool upon the occurrence of any of the following:
(1) the Reference Obligation becomes a Credit Event Reference Obligation;
(2) payment in full of the Reference Obligation;
(3) the Reference Obligation is seized pursuant to an eminent domain proceeding with respect to the underlying mortgage loan;
(4) the lender repurchases the Reference Obligation, agrees to a full indemnification agreement for the Reference Obligation, or provides a make-whole payment with respect to the Reference Obligation;
(5) the discovery of any of certain specified violations of the Eligibility Criteria for such Reference Obligation as a result of data correction; or
(6) a lender declares bankruptcy or is put into receivership after Fannie Mae has requested that it repurchase any Reference Obligation; Fannie Mae will remove from the Reference Pool any loans for which repurchase requests remain outstanding at the time of the lender's bankruptcy or receivership.

A Reference Obligation will be removed from the Reference Pool or will become a Reversed Credit Event Reference Obligation if a loan data change occurs that causes the Reference Obligation to no longer meet one or more of the criteria set forth in clauses (a), (e), (f), (g), (j), (k), (l) and (m) of the definition of Eligibility Criteria.

## Modifications

A Reference Obligation that becomes subject to an Origination Rep and Warranty Settlement subsequent to the Cut-off Date may be removed, at its respective unpaid principal balance, from the Reference Pool by Fannie Mae at any time in its sole discretion, provided that the aggregate unpaid principal balance of the Reference Obligations so removed during any Reporting Period does not result in a reduction of the Class Notional Amount of any Reference Tranche in excess of $1.00 \%$ of the Class Notional Amount thereof immediately prior to such reduction. The removal of any Reference Obligation from the Reference Pool as described above is referred to as a "Reference Pool Removal".

Reference Obligations that undergo a temporary or permanent modification will not be removed from the Reference Pool if they otherwise do not meet the criteria for a Reference Pool Removal.

Any decrease to the balance of a Reference Obligation as the result of a modification will be treated as Unscheduled Principal.

Any increase to the balance of a Reference Obligation as the result of a modification will be treated as an offset to Unscheduled Principal.

## Rep and Warrant Settlement Allocation

Origination Rep and Warranty Settlement

A settlement relating to claims arising from breaches of loan representations and warranties that Fannie Mae enters into with a seller or servicer in lieu of requiring such seller or servicer to repurchase a specified pool of Mortgage Loans that includes one or more Reference Obligations, whereby Fannie Mae has received the agreed-upon settlement proceeds from such seller or servicer. For the avoidance of doubt, any settlement that Fannie Mae may enter into with a servicer in connection with a breach by such servicer of its servicing obligations to Fannie Mae with respect to Reference Obligations will not be included in any Origination Rep and Warranty Settlement.

For each Reference Obligation that is part of an Origination Rep and Warranty Settlement (including any Reference Obligation that may previously have been removed from the Reference Pool due to a Credit Event), the portion of the settlement amount determined to be attributable to such Reference Obligation. The determination will be made by Fannie Mae at or about the time of the settlement and will be verified by an independent third party as described below. For the avoidance of doubt, for purposes of calculating the Calculated

Tranche Write-up Amount for a Loan Group, the Rep and Warranty Settlement Amount will be deemed not to exceed the calculated loss amount for any related Reference Obligation.

After completion of an Origination Rep and Warranty Settlement that includes any Reference Obligations, Fannie Mae will engage an independent third party to conduct an annual review to validate that the Rep and Warranty Settlement Amount corresponding to each Reference Obligation matches Fannie Mae's records for such settlement.

## Rep and Warranty Settlement Coverage Amount

With respect to each Payment Date and Loan Group and for (i) any Reference Obligation that was included in an Origination Rep and Warranty Settlement and that became a Credit Event Reference Obligation in the related Reporting Period and (ii) any Reference Obligation that became a Credit Event Reference Obligation during a previous Reporting Period and that was first included in an Origination Rep and Warranty Settlement during the related Reporting Period, the sum of the related Rep and Warranty Settlement Amounts.

## MORTGAGE LOANS IN REFERENCE POOL

## Reference Obligations

## Reference Pool Eligibility Criteria

The Reference Pool represents the mortgage loans acquired by Fannie Mae during September, October and November of 2013 that meet the Eligibility Criteria, as defined below.

Each mortgage loan in the Reference Pool must satisfy the following criteria (the "Eligibility Criteria"):
(a) is a fully amortizing, fixed rate, first lien Mortgage Loan secured by a one- to four-unit property, town house, individual condominium unit, individual unit in a planned unit development, individual cooperative unit or manufactured home, with an original term of 301 to 360 months;
(b) was acquired by Fannie Mae between September 1, 2013 and November 30, 2013;
(c) has been 30 to 59 days delinquent no more than once from the date of acquisition to the Cut-off Date and has been current on each of the three consecutive payment dates immediately preceding the Cut-off Date;
(d) was not originated under Fannie Mae's Refi Plus program (Fannie Mae's Refi Plus program includes but is not limited

## Reference Pool

## Reference Pool <br> Selection Process

|  | (e) (f) (g) (h) (i) (j) (k) (l) (m) | to the Home Affordable Refinance Program); has an original combined loan-to-value ratio less than or equal to $97 \%$; as of the Cut-off Date, is not subject to an Origination Rep and Warranty Settlement; is not subject to any form of risk sharing with the loan seller (other than limited seller indemnification in certain cases); was not originated under certain non-standard programs; is a conventional loan (i.e. is not guaranteed by the Federal Housing Administration or the U.S. Department of Veterans Affairs); <br> with respect to Reference Obligations in Loan Group 1 only, has an original loan-to-value ratio that is (i) greater than $60 \%$ and (ii) less than or equal to $80 \%$; with respect to Reference Obligations in Loan Group 1 only, is not covered by mortgage or pool insurance; with respect to Reference Obligations in Loan Group 2 only, has an original loan-to-value ratio that is (i) greater than $80 \%$ and (ii) less than or equal to $97 \%$; and with respect to Reference Obligations in Loan Group 2 only, (i) is not covered by pool insurance and (ii) is covered by private mortgage insurance as of the Cut-off Date or was covered by private mortgage insurance at the time of acquisition that has since been cancelled or otherwise eliminated by the borrower as permitted under Fannie Mae's Servicing Guide. |
| :---: | :---: | :---: |
| Reference Pool |  | e Reference Obligations included in Loan Group 1 and Loan are listed in schedules attached to the prospectus. |
| Reference Pool Selection Process |  | Mae determined the composition of the Reference Pool g a multi-step process. All mortgage loans that Fannie Mae d between September 1, 2013 and November 30, 2013 (the mber-November 2013 Acquisitions") were divided into two ts on a random basis. The first and second segments d loans representing approximately $87.78 \%$ and $12.22 \%$, ively, of the September-November 2013 Acquisitions red by unpaid principal balance at the time of acquisition). ns included in the first segment (representing approximately of the September-November 2013 Acquisitions) were made le for potential selection for the Reference Pool (such loans, vailable Loans"). The loans included in the second segment enting approximately $12.22 \%$ of the September-November cquisitions) were made available for potential selection for an ed Fannie Mae credit risk transaction and will not be included |

in the Reference Pool.
Fannie Mae thereafter selected for inclusion in Loan Group 1 all Available Loans that met the Eligibility Criteria described in (a) through ( $k$ ) of the definition thereof and selected for inclusion in Loan Group 2 all Available Loans that met the Eligibility Criteria described in (a) through (i), (l) and (m) of the definition thereof. The Reference Obligations in Loan Group 1 and Loan Group 2, collectively, constitute the Reference Pool.

The "Initial Cohort Pool" represents all of the Available Loans that met the Eligibility Criteria at the time of their acquisition by Fannie Mae (other than those Eligibility Criteria that are determined as of the Cut-Off Date). The table below summarizes the loan count, original unpaid principal balance and key attributes of the mortgage loans included in the Initial Cohort Pool.

| Category | Loan Count | Aggregate Original Loan Balance |
| :---: | :---: | :---: |
| Initial Cohort Pool | 264,388 | \$59,799,648,000 |
| Less loans that did not satisfy the delinquency criteria |  |  |
| set forth in clause (c) of the Eligibility | 29,760 | \$8,236,978,000 |
| Criteria, less loans that paid-in-full, less quality control removals |  |  |
| Reference Pool | 234,628 | \$51,562,670,000 |

The table below summarizes the loans in the Initial Cohort Pool having original loan-to-value ratios greater than $60 \%$ and less than or equal to $80 \%$ and which were excluded from the Reference Pool due to failure to satisfy the delinquency-related Eligibility Criteria, payoffs and quality control removals.

| Worst DQ <br> Status <br> Since <br> Acquisition | Current Status ${ }^{(1)}$ |  |  |  |  |  |  |  |  |  | Total |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Current | 30 | 60 | 90 | 120 | 150 | 180 | >180 | Paid in Full | QC <br> Removal |  |
| Current | $474^{(2)}$ | - | - | - | - | - | - | - | 16,983 | 130 | 17,587 |
| 30 | 1,166 | 687 | - | - | - | - | - | - | 329 | 4 | 2,186 |
| 60 | 143 | 58 | 90 | - | - | - | - | - | 20 | 1 | 312 |
| 90 | 26 | 12 | 8 | 43 | - | - | - | - | 5 | - | 94 |
| 120 | 1 | - | - | - | 32 | - | - | - | - | - | 33 |

[^0]Loan Acquisition Practices

## Underwriting Standards

All of the Reference Obligations were acquired from and serviced by loan sellers and servicers who are approved by Fannie Mae to conduct business with Fannie Mae. Fannie Mae relies on loan sellers to comply with Fannie Mae's standards and make underwriting decisions that result in investment quality loans. To protect Fannie Mae from acquiring loans that do not meet Fannie Mae's prescribed underwriting standards, loan sellers are required to make representations and warranties as to certain facts and circumstances concerning the loan sellers themselves and the mortgage loans they are selling. Representations and warranties required by Fannie Mae are described in the Mortgage Selling and Servicing Contract, the Fannie Mae Single-Family Selling Guide (the "Selling Guide"), the Fannie Mae Single-Family Servicing Guide (the "Servicing Guide") and other lender contracts (the "Lender Contract"). Violation of any representation and warranty is a breach of the Lender Contract, entitling Fannie Mae to pursue certain remedies, including a loan repurchase request.

Fannie Mae's Selling Guide establishes the baseline credit standards for mortgage loans that Fannie Mae acquires from Fannie Mae's approved loan sellers. In evaluating a borrower's willingness and ability to repay the mortgage loan, the loan seller must include documentation in the loan file that confirms that information provided by the borrower as part of the loan application is accurate and documents the loan seller's assessment of the borrower's credit history, employment, income, assets, and other financial information. In addition, the loan seller must conduct a comprehensive risk assessment of each mortgage loan application prior to approving it. The loan seller is also responsible for the accuracy and completeness of the appraisal and its assessment of the marketability of the property as well as underwriting the appraisal report to determine whether the property presents adequate collateral for the mortgage loan.

## Desktop Underwriter

Approximately 84.1\% of the Reference Obligations in Loan Group 1 and $88.9 \%$ of the Reference Obligations in Loan Group 2, by unpaid principal balance, were underwritten through Fannie Mae's Desktop Underwriter ${ }^{\circledR}$ ("DU") system. DU is a proprietary automated underwriting system that evaluates mortgage delinquency risk and arrives at an underwriting recommendation by conducting a comprehensive examination of the primary and contributory risk factors in a mortgage application. DU analyzes the information in the loan case file to reach an overall credit risk assessment to determine eligibility for delivery to Fannie Mae. In addition, DU outlines certain steps necessary for the loan seller to complete the processing of the loan file, including the required documentation

Fannie Mae's QC Process
necessary to verify borrower income, assets, and property value. All loans delivered to Fannie Mae must meet the documentation requirements stated in the Selling Guide or as required by DU as of the date of origination.

General

Fannie Mae conducts several different types of QC reviews on a sample basis with respect to mortgage loans, including post-purchase reviews, early payment default reviews, servicing reviews, and postforeclosure reviews. In September 2012, Fannie Mae announced the implementation of a New Lender Selling Representations and Warranties Framework that applies to mortgage loans acquired on and after January 1, 2013 (the "New Rep and Warrant Framework"). Based on the New Rep and Warrant Framework, Fannie Mae has increased the focus on post-purchase QC reviews earlier in the loan lifecycle. Fannie Mae reviews a statistically valid random sample of newly acquired performing mortgage loans, and Fannie Mae augments this random sample with targeted, discretionary sampling employing a number of technology tools and internal models to more accurately identify loans with characteristics that merit further scrutiny in discretionary reviews.

During the course of any of these reviews, Fannie Mae may identify:

- significant eligibility violations;
- breaches of selling representations or warranties, including instances of fraud or misrepresentation or that a selling warranty the lender made is untrue;
- breaches of the terms of applicable contract provisions; or
- servicing deficiencies that have had a materially adverse effect on the value of the mortgage loan or the acquired property.

If Fannie Mae identifies any of the foregoing, Fannie Mae may require the immediate repurchase of a mortgage loan. Fannie Mae refers to defects that give rise to a repurchase as "Eligibility Defects." In certain circumstances, Fannie Mae may provide the loan seller with an alternative to the immediate repurchase of a mortgage loan that does not meet Fannie Mae's requirements.

Notwithstanding the above, under the New Rep and Warrant Framework, loan sellers will be relieved of their obligations to remedy mortgage loans that are in breach of certain underwriting and eligibility representations and warranties if the borrower meets
specific payment history requirements and other eligibility criteria. However, no relief to a loan seller will be available for breaches of certain "life of loan" representations and warranties, regardless of the borrower's payment history.

Any of the above limitations on our ability to require the repurchase of a mortgage loan is likely to reduce the rate of lender repurchases following certain breaches and thus may increase the exposure of investors to credit losses.

## Delinquent Mortgage Loans

Our current quality control process requires completion of an automated analysis of all defaulted loans that remain subject to loan seller repurchase obligations at the time of default. The objective is to determine the likelihood that a defect exists that will result in a repurchase by the loan seller. This automated analysis triggers referral to a specialist for a detailed review. The analysis takes into account the nature and circumstances of the borrower default, the timing and prior payment history of the borrower, the current status of the loan and/or property and other data elements that, based on our experience, indicate that the default is correlated with a potential loan seller breach requiring a repurchase.

Our QC policies and procedures generally are subject to revision over time as a result of changes in the economic environment as well as changes in regulatory policies and requirements, including implementation of the "Single Security Initiative", among other factors. Further, we may at any time modify our servicing requirements and other procedures in light of our evolving business needs and to minimize losses to taxpayers and our shareholders among other purposes. These changes may be adopted without regard to investors and in some cases may have a negative impact on Noteholders.

Fannie Mae QC Results Fannie Mae's post purchase QC process is designed to evaluate the eligibility of the loans Fannie Mae acquires. In connection with Fannie Mae's post purchase QC reviews for September-November 2013 Acquisitions, Fannie Mae reviewed 15,994 mortgage loans out of the eligible September through November 2013 production, an approximate $6.0 \%$ sample, of which 13,281 are in the Reference Pool. Of the 15,994 mortgage loans, approximately $6.7 \%$ remain subject to Fannie Mae's post-purchase QC Process as of January 26, 2015.

The following summary is preliminary based on the most current

Connecticut Avenue Securities, Series 2015-C01
CONFIDENTIAL PRELIMINARY TERM SHEET
information available as of January 26, 2015. The prospectus will contain additional information about the results of Fannie Mae's post purchase QC reviews.

| Type of Sample | Number of Loans Reviewed | Loans <br> With <br> Eligibility <br> Defects | Share of Sample with Eligibility Defects |

Connecticut Avenue Securities, Series 2015-C01

Pre-Offering Due Diligence Review

In connection with the issuance of the Notes, Fannie Mae engaged a third-party diligence provider ("Diligence Provider") to conduct a pre-offering review of a sample of the Reference Obligations. The Diligence Provider selected a statistically valid, random sample of 608 of the mortgage loan files (the "Diligence Sample") for the third party review. The Diligence Sample was selected from a population of 4,798 loans that received full credit, appraisal, and compliance reviews as part of Fannie Mae's QC Process and met the same Eligibility Criteria used to establish the Reference Obligations. Of the subset of 4,798 loans, 3,098 and 1,700 were potentially eligible for inclusion in Loan Group 1 and Loan Group 2, respectively. The Diligence Sample included 505 Reference Obligations that were included in the final selection of the Reference Pool; 311 of these Reference Obligations are included in Loan Group 1 and 194 of these Reference Obligations are included in Loan Group 2.

For a further description of the results of these reviews, see the related sections set forth under "The Reference Obligations" in the prospectus.

## Representation and <br> Warranties <br> Settlements

## Servicing Practices

In recent years, Fannie Mae has entered into settlements with large sellers to resolve existing and potential representation and warranties repurchase claims on portfolios of mortgage loans sold to Fannie Mae and may do so in the future. Any such settlement could involve potential representation and warranty claims on Reference Obligations. These settlements typically require Fannie Mae to release the applicable seller from any repurchase obligations for violations of seller's purchase contract. Accordingly, Fannie Mae will not submit any mortgage loans for quality control review that are subject to a settlement.

The servicing of the mortgage loans that are held in Fannie Mae's mortgage portfolio or that back Fannie Mae's MBS is performed by servicers on Fannie Mae's behalf, with Fannie Mae retaining servicing control. Each servicer is required to service the applicable Reference Obligations in accordance with Fannie Mae's servicing guidelines as stated in Fannie Mae's Servicing Guide and related announcements, including applicable contract variances. Fannie Mae's servicing guidelines may be revised from time to time at Fannie Mae's sole discretion.

## THE NOTES

Debt Agreement

The Notes will be issued pursuant to a debt agreement.

## Class Principal Balance

## Group 1

As of any Payment Date and the Group 1 Classes:
(a) the maximum dollar amount of principal to which the holders of each related Class of Notes are then entitled, with such amount being equal to the initial Class Principal Balance of such Class of Notes, minus
(b) the aggregate amount of principal paid by Fannie Mae on such Class of Notes on such Payment Date and all prior Payment Dates, minus
(c) the aggregate amount of related Calculated Tranche Writedown Amounts allocated to reduce the Class Principal Balance of such Class of Notes on such Payment Date and on all prior Payment Dates, and plus
(d) the aggregate amount of Calculated Tranche Write-up Amounts allocated to increase the Class Principal Balance of such Class of Notes on such Payment Date and on all prior Payment Dates.

The Class Principal Balance of each Class of Group 1 Notes will at all times equal the Class Notional Amount of the Group 1 Reference Tranche that corresponds to such Class of Notes. For the avoidance of doubt, no Calculated Tranche Write-up Amount or Calculated Tranche Write-down Amount will be applied twice on the same Payment Date.

## Group 2

As of any Payment Date and the Group 2 Classes:
(a) the maximum dollar amount of principal to which the holders of each related Class of Notes then are entitled to, with such amount being equal to the initial Class Principal Balance of such Class of Notes, minus
(b) the aggregate amount of principal paid by Fannie Mae on such Class of Notes on such Payment Date and all prior Payment Dates, minus
(c) the aggregate amount of related Calculated Tranche Writedown Amounts allocated to reduce the Class Principal Balance of such Group 2 Class of Notes on such Payment Date and on all prior Payment Dates, and plus
(d) the aggregate amount of related Calculated Tranche Writeup Amounts allocated to increase the Class Principal Balance of such Class of Notes on such Payment Date and on all prior Payment Dates.

## Interest Payment

## Principal Payment

The Class Principal Balance of each Class of Group 2 Notes will at all times equal the Class Notional Amount of the Group 2
Reference Tranche that corresponds to such Class of Notes. For the avoidance of doubt, no Calculated Tranche Write-up Amount or Calculated Tranche Write-down Amount will be applied twice on the same Payment Date.

With respect to each outstanding Class of Notes and any Payment Date, Fannie Mae will pay to holders thereof all interest accrued at the related Note Rate due on the Class Principal Balance then outstanding of each such Class of Notes. No payments of interest will be made to the Reference Tranches.

## Group 1

On the Maturity Date or the Group 1 Early Redemption Date, Fannie Mae will pay $100 \%$ of the outstanding Class Principal Balance to holders of each Class of Group 1 Notes, after allocations of the related Calculated Tranche Write-Down Amount and the Calculated Tranche Write-up Amount for such Payment Date.

On all other Payment Dates, Fannie Mae will pay principal to holders of each outstanding Class of Group 1 Notes in an amount equal to the portion of related Senior Reduction Amount or Subordinate Reduction Amount, as applicable, allocated to the corresponding Group 1 Reference Tranche on such Payment Date. No payments of principal will be made to the Group 1 Reference Tranches.

## Group 2

On the Maturity Date or the Group 2 Early Redemption Date, Fannie Mae will pay $100 \%$ of the outstanding Class Principal Balance to holders of each Class of Group 2 Notes, after allocations of the related Calculated Tranche Write-Down Amount and the Calculated Tranche Write-up Amount for such Payment Date.

On all other Payment Dates, Fannie Mae will pay principal to holders of each outstanding Class of Group 2 Notes in an amount equal to the portion of related Senior Reduction Amount or Subordinate Reduction Amount, as applicable, allocated to the corresponding Group 2 Reference Tranche on such Payment Date. No payments of principal will be made to the Group 2 Reference Tranches.

## Events of Default

## Rights Upon Event of Default

An "Event of Default" for a Group of Notes under the Debt Agreement will consist of:
(a) any failure by Fannie Mae to pay principal or interest on a related Note that continues unremedied for 30 days;
(b) any failure by Fannie Mae to perform in any material respect any other obligation under the Debt Agreement if the failure continues unremedied for 60 days after Fannie Mae receives notification by the Holders of at least 25\% of the outstanding Class Principal Balance of the related Notes; or
(c) specified events of bankruptcy, insolvency or similar proceedings involving Fannie Mae.

The appointment of a conservator (or other similar official) by a regulator having jurisdiction over Fannie Mae, whether or not Fannie Mae consents to such appointment, will not constitute an Event of Default.

If an Event of Default under the Debt Agreement continues unremedied, Holders of not less than $50 \%$ of the outstanding principal amount of each Class of Notes to which such Event of Default relates may, by written notice to Fannie Mae, declare such Notes due and payable.

No Holder has any right under the Debt Agreement to institute any action or proceeding at law or in equity or in bankruptcy or otherwise, or for the appointment of a receiver or trustee, or for any other remedy, unless:
(a) the Holder previously has given Fannie Mae written notice of an Event of Default and of the continuance thereof;
(b) the Holders of not less than $50 \%$ of the outstanding Class Principal Balance of each Class of Notes to which such Event of Default relates have given Fannie Mae written notice of the Event of Default; and
(c) the Event of Default continues uncured for 60 days following such notice.

The Holders of not less than $50 \%$ of the outstanding Class Principal Balance of each Class of Notes to which an Event of Default relates may waive, rescind or annul such Event of Default as it relates to such Class at any time.

## INVESTMENT CONSIDERATIONS

## United States Federal Tax Consequences

## ERISA Considerations

## Legal Investment

EU Risk Retention

## Irish Stock Exchange

## Registration and <br> Denomination

Fannie Mae expects to receive an opinion from Hunton \& Williams LLP that, although the matter is not free from doubt, each Class of Notes will be characterized as indebtedness for U.S. federal income tax purposes. Fannie Mae and each Noteholder of a Note, by acceptance of such Note, will agree to treat such Note as indebtedness of Fannie Mae for all U.S. federal income tax purposes unless otherwise required by law.

Employee benefit plans and entities holding the assets of any such plan may purchase the Notes only if purchasing and holding the Notes will not result in a nonexempt prohibited transaction under the Employee Retirement Income Security Act of 1974, as amended ("ERISA") or the Internal Revenue Code of 1986, as amended (the "Code"), or a non-exempt violation of any similar federal, state or local law.

The Notes will not be "mortgage related securities" for purposes of the Secondary Mortgage Market Enhancement Act of 1984, as amended ("SMMEA"). No representation is or will be made as to the proper characterization of the Notes for legal investment or other purposes, the ability of particular investors to purchase Notes for legal investment or other purposes or the ability of particular investors to purchase the Notes under applicable legal investment or other restrictions.

In connection with Article 405(1) of EU Regulation 575/2013, Fannie Mae will retain a material net economic interest in the exposure related to the Notes issuance transaction of not less than 5\%.

Fannie Mae expects to list the Notes on the Irish Stock Exchange subsequent to the Closing Date.

The Notes will be issuable in book-entry form through DTC, Euroclear and Clearstream in minimum denominations of $\$ 10,000$ with integral multiples of $\$ 1$ in excess thereof. The Notes are being offered only to "Qualified Institutional Buyers" (as defined in Rule 144A under the Securities Act).

The business day preceding a Payment Date, with respect to beneficial interests in Book-Entry Notes and the last Business Day of the preceding month of a Payment Date, with respect to Definitive Notes.

## EXAMPLE OF PAYMENTS

The following sets forth an example of reporting of principal payments from borrowers on the Reference Obligations and payments on the Notes for the Payment Date in March 2015:

| January 1 through January 31 | Reporting Period | The Master Servicer will report principal <br> payments on the Reference Obligations in <br> each Loan Group received during the <br> related Reporting Period <br> (January 1 through January 31) from <br> borrowers including scheduled principal <br> and full and partial principal prepayments. |
| :--- | :--- | :--- |
| January 31 | Delinquency <br> Determination <br> Date | The Master Servicer will report the MBA <br> delinquency status on the Reference <br> Obligations in each Loan Group <br> determined as of the Delinquency <br> Determination Date (January 31). |
| March 11 | Master Servicer <br> Remittance Date | Master Servicer will provide remittance <br> file in respect of the Reference <br> Obligations in each Loan Group to the <br> Global Agent on or prior to the 8th <br> business day of each month. |
| March 24 | Record Date | Distributions on each Payment Date will <br> be made to noteholders of record for all <br> classes of Notes as of the business day <br> immediately preceding such Payment Date |
| March 25 | Payment Date | On the 25 ${ }^{\text {th }}$ day of each month (or if the <br> 25 |
| business day), the Issuer will make |  |  |
| payments to noteholders. |  |  |

Succeeding months follow the same pattern.

## Weighted Average Life and Modeling Assumptions

Weighted average life of a Class of Notes refers to the average amount of time that will elapse from the date of issuance of such Class of Notes until each dollar is distributed and any Calculated Tranche Write-down Amount is allocated in reduction of its principal balance. The weighted average lives of the Notes will be influenced by, among other things, the rate at which principal of the mortgage loans that are Reference Obligations in the related Loan Group is paid, which may be in the form of scheduled amortization, prepayments or liquidations and the timing and rate of allocation of Calculated Tranche Write-down Amounts and Calculated Tranche Write-Up Amounts.

Prepayments on mortgage loans are commonly measured relative to a constant prepayment standard or model. The model used in this preliminary term sheet for the Reference Obligations in each Loan Group is a Constant Prepayment Rate (or "CPR"). CPR assumes that the outstanding principal balance of a pool of mortgage loans prepays at a specified constant annual rate. In projecting monthly cashflows, this rate is converted to an equivalent monthly rate. CPR does not purport to be either a historical description of the prepayment experience of mortgage loans or a prediction of the anticipated rate of prepayment of any mortgage loans, including the Reference Obligations. The percentages of CPR in the tables below do not purport to be historical description of relative prepayment experience of the Reference Obligations in either Loan Group or predictions of the anticipated relative rate of prepayment of the Reference Obligations in such Loan Group. Variations in the prepayment experience and the principal balance of the Reference Obligations in a Loan Group that prepay may increase or decrease the percentages of initial Class Principal Balance (and weighted average lives) shown in the following table. Such variations may occur even if the average prepayment experience of all such Reference Obligations in a Loan Group equals any of the specified percentages of CPR.

The Weighted Average Life Tables, Declining Balance Tables, Credit Event Sensitivity Table, Cumulative Note Write-down Amount Tables and Yield Tables below were prepared based on the following assumptions (collectively, the "Modeling Assumptions"):
(1) the initial Class Principal Balances or Notional Amounts are as set forth in the table on page 4;
(2) the scheduled monthly payment for each Reference Obligation is based on its outstanding principal balance, current Mortgage Rate and remaining amortization term so that it will fully amortize in amounts sufficient for the repayment thereof over its remaining amortization term;
(3) each monthly payment of scheduled principal and interest on the Reference Obligations is timely received on the first day of each month commencing in February 2015;
(4) principal prepayments in full on the Reference Obligations are received on the last day of each month beginning in the calendar month prior to the month in which the first Payment Date occurs;
(5) there are no partial principal prepayments on the Reference Obligations;
(6) the Reference Obligations in each Loan Group prepay at the indicated CPR percentages;
(7) except as specified in the tables, there are no defaults or delinquencies on the Reference Obligations;
(8) Payment Dates occur on the 25th day of each month commencing in March 2015;
(9) there are no purchases, removals, reinstatements, or substitutions of Reference Obligations;
(10) there are no loan modifications or data corrections in connection with the Reference Obligations;
(11) there is no Early Redemption Option exercised (except in the case of Weighted Average Life in Years (to Early Redemption Option));
(12) the Closing Date is February 26, 2015;
(13) one-month LIBOR stays constant at $0.171 \%$;
(14) the Reference Obligations in each Loan Group are aggregated into the assumed mortgage loans having the characteristics as described in "Assumed Characteristics of Loan Group 1 as of the Cut-Off Date" and "Assumed Characteristics of Loan Group 2 as of the Cut-Off Date", as applicable;
(15) there are no Reversed Credit Event Reference Obligations;
(16) there are no Originator Rep and Warranty Settlements; and
(17) the Class $1 \mathrm{M}-1$ margin is equal to $1.75 \%$, the Class $1 \mathrm{M}-2$ margin is equal to $4.50 \%$, the Class $2 \mathrm{M}-1$ margin is equal to $1.75 \%$ and the Class $2 \mathrm{M}-2$ margin is equal to $4.60 \%$.

Assumes the Reference Obligations in each Loan Group experience Credit Events at the indicated CDR percentages and no lag between the related Credit Event Amount and the application of any related Calculated Recovery Principal.

The Default Sensitivity tables assume a constant rate of Reference Obligations in each Loan Group becoming Credit Event Reference Obligations each month relative to the then outstanding aggregate principal balance of Reference Obligations in such Loan Group. This credit event rate (or "CDR") does not purport to be either an historical description of the default experience of the Reference Obligations or a prediction of the anticipated rate of defaults on the Reference Obligations. The rate and extent of actual defaults experienced on the Reference Obligations are likely to differ from those assumed and may differ significantly. A rate of $1.0 \%$ CDR assumes Reference Obligations become Credit Event Reference Obligations at an annual rate of 1.0\% which remains in effect through the remaining lives of such Reference Obligations. Further, it is unlikely the Reference Obligations will become Credit Event Reference Obligations at any specified percentage of CDR.

## Assumed Characteristics of Loan Group 1 as of the Cut-Off Date

| Group Number | Principal Balance (\$) | Remaining Term to Maturity (months) | Original Term to Maturity (months) | Per Annum Interest Rate (\%) |

[^0]:    (1) The above table takes into account acquisition eligibility criteria prior to the consideration of delinquency and other Cut-Off Date eligibility requirements, which could understate such Cut-Off Date eligibility exclusions.
    (2) Remain subject to Fannie Mae's post-purchase QC Process, as of January 26, 2015 and therefore excluded from eligibility.
